Maputo

Mozambique

To whom it may concern,

I am writing this letter of recommendation at the request of **Herence João Jeiane**, a former student of Instituto de Transportes e Comunicações, in which he successfully completed the Vocational Certificate Level 3 in Industrial Electricity.

I have known and worked with Herence for the past year as his teacher of English. I believe He would, and certainly will, be an excellent addition to your college.

As a student at Instituto de Transportes e Comunicações, Herence has always challenged himself academically. He has an active participation in class discussions. He is an enthusiastic student; and He always raises his hand asking for chance to bring forward his opinions. and, when He does this, He does it in a most respectful way.

Herence is exceptionally well organized and detail oriented in his approach to tasks. He masters tasks in an almost precise and error free manner. I and the teachers, know Herence very well since he unhesitatingly calls for clarification whenever he does not understand something in a task he has been given. Herence is a careful student; he always respected the deadlines in which he has to present or submit the assignments. He hates making mistakes so he devotes his time to the studies in libraries. He loves reading which makes his essays really enchanting. Herence would bring so much to your college, both inside and outside of the classroom.

I give Herence my highest recommendation as the bright student with an extraordinarily positive attitude toward work. I am confident that any surprises with Herence will be pleasant since He will perform better tasks than you might understand from letter.

If you have any question regarding **Herence João Jeiane's** qualifications, feel free to contact me.

Sincerely,

Nélio Chongo

English modules teacher at Instituto de Transportes e comunicações
